

# Nebraska Department of Water, Energy, and Environment

The National Emission Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS) notebooks are to be used as an assistance tool to help comply with state and federal regulations. The Notebooks are not inclusive and are not meant to serve as a substitute for compliance with all applicable regulations. If you have corrections, comments, or questions regarding the notebooks, NSPS, NESHAP or permitting, please contact us at [DWEE.AirQuality@nebraska.gov](mailto:DWEE.AirQuality@nebraska.gov) or 402-471-2186.

## Air Toxics Notebook

### Pulp and Paper Industry

#### eCFR 40 CFR Part 63 Subpart S

|                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
