Automobile and Light Duty Truck Surface Coating Operations for which Construction, Modification or Reconstruction Commenced After May 18, 2022

eCFR 40 CFR Part 60 Subpart MMa

40 CFR Part 60 Subpart MMa	Automobile and Light Duty Truck Surface Coating Operations for which Construction, Modification or Reconstruction Commenced After May 18, 2022
Amendment Dates	
Am I Subject to this subpart?	I. This subpart applies to: (A) Affected facilities at automobile or light-duty truck assembly plants that commence construction modification, or reconstruction after May 18, 2022 (B) Affected facilities: (1) Prime coat operations; (2) Guide coat operations; (3) Topcoat operations. (4) All storage containers and mixing vessels in which coatings, thinners and cleaning materials are stored or mixed (5) All manual and automated equipment and containers used for conveying coatings, thinners and cleaning materials (6) All storage containers and all manual and automated equipment and containers used for conveying waste materials generated by a coating operation (C) Modifications do not include (by themselves): (1) Changes as a result of model year changeovers or switches to larger cars; (2) Changes in the application of coatings to increase coating film thickness

	II. Not subject to this subpart: (A) Operations used to coat plastic body components or all-plastic automobile or light-duty truck bodies on separate coating lines (B) If plastic parts are installed into the metal parts prior to coating of metal, the metal coating operations are still subject to this subpart
