Polymeric Coating of Supporting Substrates Facilities

eCFR 40 CFR Part 60 Subpart VVV

40 CFR Part 60 Subpart VVV	Polymeric Coating of Supporting Substrates Facilities
Amendment Dates	
Am I Subject to this subpart?	I. This subpart applies to: (A) Affected facilities used in polymeric coating of supporting substrates that commence construction, modification, or reconstruction after April 30, 1987 (B) Affected facilities: (1) Coating operations; (2) Any onsite coating mix preparation equipment used to prepare coatings II. Not subject to this subpart: (A) Coating mix preparation equipment used to manufacture coatings at one plant for shipment to another plant for use in an affected facility, or for sale to another company for use in an affected facility; (B) Coating mix preparation equipment or coating operations during times when they are used to prepare or apply waterborne coatings, so long as the VOC content of the coatings does not exceed 9% by weight of the volatile fraction; (C) Web coating operations that print an image on the surface of the substrate, or any coating applied on the same printing line that applies the image III. Partial Exemptions*: (A) Any affected facility for which the amount of VOC used is less than 95 Mg per 12-month period;
