

Nebraska Community Solar Power Generation

Solar facilities as of July 2026.
All solar facilities are in AC power.
Kilowatts for each project are listed on the next page.

Custer County	2021	3,225	Alliance	2025	7,800
Elkhorn	2021	5,000	Total		184,582

Notes: Projects with more than one year listed have multiple facilities that began operations in different years.

While the Plattview Solar Facility is located near Yutan, the 81,000 kW are sold to the Omaha Public Power District.
