

PUBLIC NOTICE
Nebraska Department of Water, Energy, and Environment
Permitting and Engineering Division

Notice is given to the public, according to Chapter 10 of Title 129 - Nebraska Air Quality Regulations as amended September 28, 2022, that the Department is proposing to issue a Class I operating permit to Nucor Corporation, by and through its Vulcraft Nebraska Division (FID# 35548) for the operation of a source that manufactures steel joists, bridging, decking, and miscellaneous metal products. (Standard Industrial Classification codes 3441 and 3444) located at 1601 West Omaha Avenue, Norfolk, Madison County, Nebraska. The potential emissions of regulated air pollutants (in tons per year (tpy)) at this facility will be: 168.50 tpy of Particulate Matter (PM), 114.53 tpy of $PM \leq 10$ microns (PM_{10}), 99.58 tpy $PM \leq 2.5$ microns ($PM_{2.5}$), 0.04 tpy Sulfur Dioxide, 12.53 tpy Oxides of Nitrogen, 5.58 tpy Carbon Monoxide, 240.00 tpy Volatile Organic Compounds, 3.00 tpy of Xylene (largest quantity individual Hazardous Air Pollutants (HAPs), 5.01 tpy total HAPs, and 8,010.48 tpy Greenhouse Gases CO_2 equivalents (CO_2e).

All Counties in Nebraska meet the National Ambient Air Quality Standards (NAAQS) for those pollutants subject to a NAAQS and are expected to continue in that status. There are no Counties classified as being in non-attainment with the State Total Reduced Sulfur (TRS) standards and no TRS emissions are expected from this project. No impact is anticipated on habitat for any rare or threatened species.

Madison County meets the National Ambient Air Quality Standards (NAAQS) for those pollutants subject to a NAAQS and is expected to continue in that status. Madison County is unclassifiable in regard to the state Total Reduced Sulfur (TRS) standards and no TRS emissions are expected from this project. No impact is anticipated on habitat for any rare or threatened species.

The Nebraska Department of Water, Energy, and Environment (DWEE) propose to issue a Class I operating permit with specific conditions, based on NSPS 40 CFR 60 Subpart TT, NESHAP 40 CFR 63 Subparts ZZZZ, CCCCCC, XXXXXX, and Title 129, which authorizes the operation of a source that manufactures steel joists, bridging, decking, and miscellaneous metal products.

The proposed permit and supporting materials are available for inspection by the public Tuesday, September 22nd, 2026, through Wednesday, October 21st, 2026, at the office of the DWEE, 245 Fallbrook Boulevard, Suite 100, Lincoln, Nebraska, and electronically at <https://dwee.nebraska.gov/>. Only those provisions that are being revised by this permit action are open for comment at this time. Comments received during this period will be considered prior to the final decision. During this period the applicant, or any interested person or group of persons, may request or petition the Director for a public hearing, the request must state the nature of the issues to be raised and all arguments and factual grounds supporting their position. If a public hearing is granted by the Director, the hearing will be advertised by public notice at least 30 days prior to the hearing.

Inquiries may be made at (402) 471-2186 or dwee.airquality@nebraska.gov. Individuals requiring special accommodations or alternate formats of materials should notify the DWEE by calling (402) 471-2186. TDD users should call (800) 833-7352 and ask the relay operator to call the DWEE at (402) 471-2186. For further information, to submit comments, or request a hearing you may contact the DWEE by email "dwee.airquality@nebraska.gov" or by mail submitted to the attention of David Christensen, Air Quality Program, 245 Fallbrook Blvd., Suite 100, Lincoln, Nebraska 68521.

Please notify the DWEE if auxiliary aids, reasonable accommodations or alternate formats of materials are needed at least one week in advance. Contact phone number is (402) 471-2186. TDD users please call 711 and ask the relay operator to call us at (402) 471-2186.

The DWEE does not discriminate on the basis of race, color, national origin, disability, age, or sex in administration of its programs or activities, and DWEE does not intimidate or retaliate against any individual or group because they have exercised their rights to participate in or oppose actions protected/prohibited by 40 C.F.R. Parts 5 and 7, or for the purpose of interfering with such rights.

Within 60 days after the US Environmental Protection Agency Administrator review, persons may petition the Administrator to object to the issuance of the proposed permit. Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the 30-day comment period, unless the petitioner demonstrates that it was not practicable to raise such objection within such period. For specific dates for which the 60-day petition period is open, contact Chris Ruiz at (402) 471-2186. Petitions should be submitted electronically through EPA's Central Data Exchange at <https://cdx.epa.gov> . If the petitioner is unable to use the Central Data Exchange, EPA requests that your submission be emailed to publicVpetitions@epa.gov . If petitioner is unable to submit electronically, then a hard copy of the petition can be submitted, please contact the permit writer above for EPA's address.
