STATE OF NEBRASKA
DEPARTMENT OF WATER, ENERGY, AND ENVIRONMENT

ADDENDUM TO APPLICATION FOR A NON-EXPEDITED CHANGE OF APPROPRIATION A CHANGE IN TYPE OF APPROPRIATION OR PURPOSE OF USE

Complete items 1 through 4 by printing in ink or typing the appropriate information and by placing an X in the appropriate boxes. Submit completed form with application.

FOR DEPARTMENT USE ONLY

Filed in the office of the Department of Water, Energy, and Environment
at ____:____ on _____ 20____
Modification NEX-_____
SW Permit:_____
RightID:_____

1. Amount of the surface water appropriation proposed to be changed to a new type of appropriation or purpose of use.

Rate (if applicable):_____ cubic feet per second (cfs)

Annual Volume:_____ acre-feet (af)

2. This application proposes the following change in the type of appropriation or purpose of use. (Select only one)

☐ Natural-flow for direct out-of-stream use ***to*** natural-flow for above ground reservoir storage.

☐ Natural-flow for direct out-of-stream use ***to*** natural-flow for intentional underground water storage.

☐ Natural-flow for intentional underground water storage ***to*** natural-flow for direct out-of-stream use.

☐ Natural-flow for intentional underground water storage ***to*** natural-flow for above ground reservoir storage.

☐ Natural-flow for direct out-of-stream use ***to*** instream flow use. *Subject to Nebraska Revised Statutes §§46-2,107 to 46-2,119.*

☐ Natural-flow for above ground reservoir storage ***to*** instream flow use. *Subject to Nebraska Revised Statutes §§46-2,107 to 46-2,119.*

☐ Natural-flow for intentional underground water storage ***to*** instream flow use. *Subject to Nebraska Revised Statutes §§46-2,107 to 46-2,119.*

☐ Natural-flow for direct out-of-stream use ***to*** induced groundwater recharge.

☐ Natural-flow for above ground reservoir storage ***to*** induced groundwater recharge.

☐ Natural-flow for intentional underground water storage ***to*** induced groundwater recharge.

☐ Natural-flow for incidental underground water storage ***to*** natural-flow for intentional underground water storage at the same location. *(Provide additional information described in number three below.)*

☐ Natural-flow for the manufacturing of hydropower at a facility located on a natural stream channel ***to*** instream basin management. *Subject to Nebraska Revised Statutes §§46-290(3)(e) and 46-290(8).*

☐ Storage-use for incidental underground water storage ***to*** storage-use intentional underground water storage at the same location. *(Provide additional information described in number three below.)*

☐ Natural-flow or storage-use for direct out-of-stream use ***to*** instream flow for augmenting flow or increasing the frequency that a diversion rate or rate of flow specified in another valid appropriation is met.

☐ Above ground reservoir storage or intentional underground water storage ***to*** instream flow for augmenting flow or increasing the frequency that a diversion rate or rate of flow specified in another valid appropriation is met.

☐ Other – Please describe

Current type of appropriation or purpose of use: _____

Proposed type of appropriation or purpose of use: _____

3. If the proposed change is of a natural-flow or storage-use appropriation for incidental underground water storage to an intentional underground water storage at the same location, provide **amount of water that was consumed prior to the change** and the **amount of water that will be consumed after the change** on a separate attachment to the application.

4. If application is filed by an irrigation district, reclamation district, public power and irrigation district or mutual canal company, the names, addresses and signatures of the landowners to whose land the appropriation is appurtenant shall be submitted on DWEE form 962-06 with this application indicating they agree to have the type of appropriation or purpose of use changed.
