STATE OF NEBRASKA
DEPARTMENT OF WATER, ENERGY, AND ENVIRONMENT
ALLOWANCE FOR JOINT OWNERSHIP OF AN APPROPRIATION

INSTRUCTIONS

To qualify for joint ownership of an appropriation, the following criteria must be met:

- The surface water appropriation was originally granted to a single farming operation.
- The appurtenant land was divided into distinct parcels to multiple owners.
- A change of ownership form must be on file with the Department for the owner(s) of each parcel of land, if applicable.
- By signing below, the current landowners agree to operate the parcels together as a unit and prefer to hold the appropriation as a single appropriation rather than divide it so each owner's portion is distinguishable.
- Upon receipt of written notification from any one party who has signed below, this agreement is terminated and the Department will issue an order to divide the appropriation so each owner's portion is distinguishable.

For Department Use Only

Surface Water Appropriation(s) Affected:

_____
