

Air Quality Operating Permit Application Form 3.0: Pollutant Emissions Summary

Section 3.2: Determination of Operating Class

SOURCE NAME: _____

DATE: _____

DWEE FACILITY ID: _____

IMPORTANT: PLEASE READ THE INSTRUCTIONS ACCOMPANYING THIS SECTION PRIOR TO COMPLETING THIS FORM.

Please type responses or use black ink. Do NOT use pencil.

Step 1) Does your source have potential air pollutant emissions that are greater than the following:

- | | | |
|------------------------------|-----------------------------|---|
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Two and one-half (2.5) tons/year of lead |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Five (5) tons/year of any single HAP (other than lead) |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Twelve and one-half (12.5) tons/year of any combination of HAPs |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Fifty (50) tons/year of any other regulated air pollutant |

If **Yes** for one or more of the above categories, proceed to Step 2.

If **No** for all, no operating permit is required for this source.

Step 2) Does your source have potential air pollutant emissions that are greater than the following:

- | | | |
|------------------------------|-----------------------------|--|
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Five (5) tons/year of lead |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Ten (10) tons/year of any single HAP (other than lead) |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Twenty-Five (25) tons/year of any combination of HAPs |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | One hundred (100) tons/year of any other regulated air pollutant |

If **Yes** for one or more of the above categories, proceed to Step 3.

If **No** for all, this source must obtain a Class II Operating Permit.

Exception to Obtaining Class II Permit: If no for all, the source may be eligible for No Operating Permit Required (NOPR) status. For more details regarding NOPR eligibility, or to request NOPR status, see the Air Quality Low Emitter/No Operating Permit Required Worksheet.

Step 3) Does your source want federally enforceable limits so that potential pollutant emissions will always be less than the following:

- | | | |
|------------------------------|-----------------------------|--|
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Five (5) tons/year of lead |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Ten (10) tons/year of any single HAP (other than lead) |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | Twenty-Five (25) tons/year of any combination of HAPs |
| <input type="checkbox"/> Yes | <input type="checkbox"/> No | One hundred (100) tons/year of any other regulated air pollutant |

If **Yes** to all, this source must obtain a Class II Synthetic Minor Operating Permit.

If **No** to one or more, this source must obtain a Class I Operating Permit.

Exception to Obtaining Class I Permit: If yes to all, the source may be eligible to apply for Low Emitter status. For more details regarding Low Emitter eligibility, or to request Low Emitter status, see the Air Quality Low Emitter/No Operating Permit Required Worksheet.
