

SOURCE NAME: _____ **DATE:** _____

DWEE FACILITY ID: _____

PLEASE READ THE INSTRUCTIONS FOR EACH SECTION PRIOR TO COMPLETING THIS APPLICATION.

Please type responses or use black ink. Do NOT use pencil.

Who Needs to Submit an Air Quality Significant Operating Permit Revision Application (SOPRA)?

- 1) Owners or operators of sources operating under a current Class I/Class II Operating Permit may submit an air quality SOPRA to the Department not less than 18 months before the expiration date of their current operating permit. A significant operating permit revision (SOPR) is any revision or change to a permit that cannot be accomplished as an administrative permit amendment or as a minor permit revision. Any relaxation in existing monitoring, reporting, or recordkeeping shall be considered significant.

What Must Be Submitted?

- 2) At a minimum, the owner or operator must submit the enclosed SOPRA, which includes (if applicable) general information, facility/process changes, compliance plan changes, new applicable requirements and changes related to the SOPR, and certification by a responsible official.

Documents and Information to Assemble Before Completing the SOPRA:

- 3) The owner or operator should assemble the following information/documents before completing the SOPRA request form:
- a. Current Class I/Class II permit.
 - b. Construction permits and approvals issued during the current permit term that cover the proposed changes requested in this SOPRA.
 - c. Information on regulations and/or standards that may require changes to the current permit.

Records Requests/Searches

- 4) Public Records Requests must be in writing and may be:

Faxed to: 402-471-2909

Submitted via the [DWEE Public Records Request Portal](https://dwee.justfoia.com/publicportal/home/track) (<https://dwee.justfoia.com/publicportal/home/track>)

Via Email: dwee.records@nebraska.gov

-or-

Mailed/Hand-Delivered to: DWEE Records Management Section
245 Fallbrook Blvd., Suite 100
Lincoln, NE 68521

Significant Operating Permit Revision Information For:

42) Type of Permit:

☐ Class I – issue date: _____

☐ Class II – Synthetic Minor Class II – issue date: _____

43) Class I source only: Are you requesting to revise a permit shield?

☐ Yes ☐ No (If Yes, complete Form 9.0, Section 1.2 Significant Operating Permit Revision Application for a Permit Shield)

(If No, continue to step 44)

Source Description of Change

44) Describe in detail your reasons for the proposed changes to the existing air quality operating permit. Describe fully how the source will continue to comply with air quality permitting requirements following the requested changes. Include in the discussion any new or changed applicable requirements or applicable requirements under the Clean Air Act that will apply if the change occurs. If you need additional space, mark the check box below and attach additional pages with the source information (Source Name, Date, and DWEE Facility ID) at the top of each additional page.

☐ Check this box if additional pages are attached. Also note the number of additional pages here -

45) Change in Emissions as a Result of Significant Operating Permit Revision

Pollutant	Emissions Change Resulting from Revision (tons/year)	Pollutant	Emissions Change Resulting from Revision (tons/year)
Particulate Matter (PM)		Volatile Organic Compounds (VOC)	
PM with an aerodynamic diameter less than 10 microns (PM ₁₀)		Individual Hazardous Air Pollutants (HAP)	
PM with an aerodynamic diameter less than 2.5 microns (PM _{2.5})			
Nitrogen Oxides (NO _x)			
Sulfur Oxides (SO _x)		Total HAPs	
Carbon Monoxide (CO)		Greenhouse Gases, Mass Basis (GHGs)	
* PSD only		Carbon Dioxide Equivalent (CO ₂ e)*	

Source Layout Diagram

46) Only include a source layout diagram if SOPR related changes have occurred at the source. If a source layout diagram is included, please highlight all changes. On a separate sheet(s) of paper, provide an updated detailed diagram or site drawing that includes all buildings, stacks, emission points and units, control equipment, tanks, etc. identified in this SOPR Application. Make sure all elements in the drawing are properly identified and drawn to scale. Include an effective date for the diagram.

Updated Source Layout Diagram: ☐ Yes ☐ No

Process Flow Diagram

47) Only include a process flow diagram if changes related to the SOPR have occurred at the source. If a process flow diagram is included, please highlight all SOPR changes. On a separate sheet(s) of paper, provide an updated flow chart(s) that includes all processes, process equipment, stacks, air pollution control equipment, and fuel burning equipment **for only the SOPR changes** identified in this SOPRA. When finished, this diagram should show how materials (including fuel) flow through each SOPR **changed** process. Include an effective date for the diagram.

Updated Process Flow Diagram: ☐ Yes ☐ No

Source/Process Changes

48) To describe **SOPR** changes to the source and/or processes, complete: *Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.3: Source/Process Changes* located at dwee.nebraska.gov/ (This should include only equipment or process changes as well as any equipment that is related to this SOPR)

Form 9.0, Section 1.3 included: ☐ Yes ☐ No

New or Revised Applicable Regulations/Requirements

49) For any changes related to the SOPR that are subject to 40 CFR § 60, 61 or 63, and/or CAM (40 CFR § 64) indicate which specific subparts apply and the affected sources. Using: *Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.4: New or Changed Requirements* found at dwee.nebraska.gov for applicable NSPS, NESHAP and/or Title 129 requirements, give a detailed description whether an NSPS, NESHAP (40 CFR § 61 and/or 63), Title 129 requirement and/or CAM apply, or appear to apply but do not. This will include all new or revised regulations that have become applicable to both new and existing for SOPR related changes. If applicable, include NSPS or NESHAP compliance plan changes.

Form 9.0, Section 1.4 included: ☐ Yes ☐ No

Form 9.0, Section 1.2 included: ☐ Yes ☐ No ☐ Not Applicable

Documents to Attach to the Air Quality Significant Operating Permit Revision Application

50) The following documents should be attached to the SOPRA (if applicable):

Check the box if the document has been included as an attachment

- ☐ Copy of **only** the Condition(s) from the existing Class I/Class II permit that were identified as SOPR changes in Step 44, including:
 - ☐ Summary of each change
 - ☐ New suggested language
 - ☐ Track changes in MS Word (optional)
- ☐ PTE Calculations (**required-Step 45**)
- ☐ Air Quality Significant Operating Permit Application Form 9.0, Section 1.2: SOPR Permit Shield (**if completed in Step 43**)
- ☐ Updated Source Layout Diagram (**if completed in Step 46**)

- ☐ Updated Process Flow Diagram (if completed in Step 47)
- ☐ Air Quality Significant Operating Permit Application Form 9.0, Section 1.3: **Source/Process Changes (if completed in Step 47)**
- ☐ Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.4: New or Changed Requirements (if completed in Step 48)
- ☐ CAM plan (if new or revised only-Step 49)

Submitting the Air Quality Significant Operating Permit Revision Application to DWEE

51) What do I need to submit to DWEE?

- ☐ Submit two (2) signed paper copies of the complete SOPRA request form (including attachments) to:
**DWEE
Air Program
245 Fallbrook Boulevard, Suite 100
Lincoln, NE 68521**
- ☐ Submit one (1) electronic copy **in MS Word format** of Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.1; applicable Air Quality Significant Operating Permit Revision Sections 1.2, 1.3 and/or 1.4; **and** the Conditions(s) from the existing Class I/Class II permit and/or CAM plan that were identified as changed in step 47 by email to DWEE.AirQuality@nebraska.gov
- ☐ Submit one (1) electronic copy of the PTE calculations **in MS Excel format**, by email to DWEE.AirQuality@nebraska.gov

52) Significant Operating Permit Revision Requirements:

IMPORTANT: You must check the box by **each statement** below, as well as the "YES" box as part of your certification to verify significant operating permit revision requirements will be met.

- ☐ A "significant permit revision" is any revision or change to a permit that cannot be accomplished as an administrative permit amendment or as a minor permit revision. Any relaxation in existing monitoring, reporting, or recordkeeping shall be considered significant.
- ☐ A source, as defined in Title 129, Chapter 1, Section 002.91 may apply for a significant permit revision by submitting the application forms and information in accordance with Title 129, Chapter 9 for operating permit revisions or Title 129, Chapter 3, Section 001.05, for construction permit revisions. (Title 129, Chapter 9, Section 005.01)
- ☐ For operating permits only, the permit shield described in Chapter 6, Section 003.12, shall apply to a significant permit revision only after the Director approves the permit revision, provided that the permit contains a permit shield. (Chapter 9, Section 005.03)

By checking the YES box, I signify to the best of my knowledge, that this request for a SOPRA to the operating permit for the facility identified above meets all of the requirements identified on this form.

☐ YES

Responsible Official Certification Statements

53) Compliance Certification

- ☐ I hereby certify that, based on information and belief formed after reasonable inquiry, the source that emits air pollutants, which is identified in this SOPRA and that is subject to the applicable requirements, NSPS, NESHAP, Title 129 and/or CAM, identified in Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.4 New or Changed Requirements:
 1. Is in compliance with all applicable requirements, except as described in Permit Shield Table on Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.2;
 2. Will continue to comply with all applicable requirements; and,

3. Will comply with all applicable requirements for which compliance is not currently achieved.

54) Truth and Accuracy Certification

- ☐ I certify, under penalty of law, that based on information and belief formed after reasonable inquiry, the statements and information contained on, and accompanying, this SOPRA are true, accurate, and complete. I request that the significant operating permit revision procedures outlined in Title 129, Chapter 9 be used to process this air quality permitting action. I certify that all hard copies of this SOPRA are identical in content.

55) Electronic Copy Certification (only when an electronic copy is submitted with the hard copy application)

- ☐ I certify under penalty of law that, based on information and belief formed after reasonable inquiry, the statements and information contained in the electronic copy of the Air Quality SOPRA are identical in content to the hard copy submittal.

Responsible Official Certification Signature

56) Responsible Official Certification (see instructions for signatory requirements):

Typed or Printed Name of Responsible Official

Title

Signature of Responsible Official

Date (mm/dd/yyyy)
