

Air Quality Significant Operating Permit Revision Application Form 9.0, Section 1.4: New or Changed Requirements

SOURCE NAME: _____	DATE: _____
DWEE FACILITY ID: _____	

Complete the following table for any significant operating permit revision changes to the existing operating permit that are subject to New Source Performance Standards (NSPS)/National Emission Standards for Hazardous Air Pollutants (NESHAP), compliance plan changes and for changes proposed for activities in existing operating permit. If a unit is subject to a Compliance Assurance Monitoring (CAM), the CAM must be submitted with the application. (Step 49)

Table 1

Emission Unit ID (Existing, New and/or Modified)	Citation	New or Changed Applicable Requirement (NSPS, NESHAP, Title 129)	Type of Change (Added/Removed/Modified)	Compliance Status	Compliance Demonstration (Monitoring/Recordkeeping/Reporting and/or Performance Testing)	Certification Reporting Schedule	Subject to the CAM Rule?
