

# Nebraska Air Quality Minor Construction Permit Revision Application

**IMPORTANT: READ THE INSTRUCTIONS ACCOMPANYING THIS SECTION**  
Please type responses or use blue or black ink – do not use pencil.

### Administrative Information

1) Facility Name:		2) DWEE Facility ID:	
3) Facility Physical Address:			
4) Facility City:		5) State: <b>Nebraska</b>	6) Zip:
7) County:	¼	¼	Section: Township: Range:
8) Owner Name:			
9) Owner Mailing Address:			
10) Owner City:		11) State:	12) Zip:

### Contact Information

13) Facility Contact Person:	
14) Facility Contact Person's Title or Responsibility:	
15) Phone Number:	17) Email Address:
16) Alt. Phone Number:	

### Revision Request Information

18) Minor Construction Permit Revision for: (Check One)	a. <input type="checkbox"/> PSD Construction Permit(s) – issue date(s): _____ b. <input type="checkbox"/> State Construction Permit(s) – issue date(s): _____
--	--

### Description of Change

19) Describe in detail your reasons for the proposed changes to the referenced air quality construction permit(s). Describe fully how the facility will continue to comply with air quality permitting requirements following the requested changes. Include in the discussion any new or changed applicable requirements or applicable requirements under the Act that will apply if the change occurs. If you need additional space, mark the check box below and attach additional pages with the facility information (Facility Name, Date, and DWEE Facility ID) at the top of each additional page.

Check this box if additional pages are attached. Also note the number of additional pages here –

<b>FACILITY NAME:</b> _____	<b>DATE:</b> _____
<b>DWEE Facility ID:</b> _____	

## 20) Change in Potential to Emit as a Result of Permit Revision

Pollutant	Emissions Change Resulting from Revision (tons/year)	Pollutant	Emissions Change Resulting from Revision (tons/year)
Particulate Matter (PM)		Volatile Organic Compounds (VOC)	
PM with an aerodynamic diameter less than 10 microns (PM <sub>10</sub> )		Individual Hazardous Air Pollutants (HAP)	
PM with an aerodynamic diameter less than 2.5 microns (PM <sub>2.5</sub> )			
Nitrogen Oxides (NO <sub>x</sub> )			
Sulfur Oxides (SO <sub>x</sub> )		Total HAPs	
Carbon Monoxide (CO)		Greenhouse Gases, Mass Basis (GHGs)	
*PSD only		Carbon Dioxide Equivalent (CO <sub>2e</sub> )*	

**Emission Calculations Attached?**      YES

## 21) Permit Language Attachments

Title 129, Chapter 9, Section 003.03B requires you to submit suggested draft construction permit language. Provide your proposed language changes to your existing construction permit on a separate sheet(s) of paper. Please also attach the current construction permit language.

**Suggested Draft Construction Permit Language Attached?**      YES

**Current Construction Permit Language Attached?**      YES

## 22) Construction Permit Revision Requirements

- No emission limit in the original construction permit will be exceeded with the proposed change. (003.02A)
- No applicable requirement included in an operating permit to which the source is subject will be violated with the proposed change. (003.02B)
- No emissions limit, equipment or operational standard applicable to the source will be exceeded with the proposed change. (003.02C)
- No emissions limit, equipment or operational standard assumed to avoid a classification that would render the source subject to an otherwise applicable requirement will be exceeded with the proposed change. (003.02D)
- The nature of the constructed facility with the proposed change will be consistent with that described in the original public notice materials for the original construction permit. (003.02E)

By checking the YES box I signify to the best of my knowledge, that this request for a minor permit revision to the construction permit for the facility identified above meets all of the requirements identified on this form.

YES

**IMPORTANT:** You must check the box by each statement as well as the “YES” box as part of your certification to verify minor permit revision requirements will be met.
