ORDER

On June 17, 2026, the appropriator filed a contest to the Department of Water, Energy, and Environment's ("Department") Preliminary Determination of Nonuse ("PDNU") for surface water appropriation A-13582. Upon discussion with Department staff, the appropriator agreed to settle this matter and filed on August 27, 2026, a notice of withdrawal of their contest to the Department's PDNU for A-13582.

The Chief Water Officer FINDS that such withdrawal should be approved and that there are no further matters to adjudicate in this contested case and CONCLUDES as a matter of law that dismissal of this case is appropriate.

The contested case is therefore ORDERED DISMISSED.
